- HTML
- CSS / Sass
- Bootstrap
- Handlebars
- jQuery
- MongoDB
- Node.js
- Express
- Git/GitHub
- Adobe: Photoshop, Lightroom, Premiere
- EHRs: NextGen, Epic, eClinicalWorks

EXPERIENCE

Software Engineering Immersive Fellow

June 2020 – September 2020

General Assembly | Remote

A full-time, 480+ hour, 12-week immersive program where I dove into full-stack development, built functional apps in both a solo and team environment, and applied industry-best practices. Not only did I learn modern programming languages and technologies, but also how to confront new ones.

- [FiHR](#). The beginnings of a new Electronic Health Record (EHR) program that currently allows healthcare providers to add, update, remove, and view their patients' basic information. | *React.js, Material Design for Bootstrap, Moment.js, HTML/CSS, Express, MongoDB*
- [FRIDGE](#). A team-built inventory management application for restaurants to track fridge and pantry items. | *React.js, HTML/CSS, Bootstrap, Express, MongoDB*
- [Plantiful](#). A full-stack application with a custom RESTful API and basic user authentication that allows users to track their plants' needs. | *JavaScript, HTML, CSS/Sass, jQuery, Ajax, Bootstrap, Handlebars, Express, MongoDB*
- [tic-tac-toe](#). A classic made into an interactive game that allows users to play against themselves or someone next to them. | *JavaScript, HTML, CSS/Sass, jQuery, Ajax, Bootstrap*

Lead Ophthalmic Technician

May 2018 – June 2020

Boston Eye Group | Boston Laser

- Performed preliminary workup of patients through eye function/diagnostic testing
- Assisted during surgeries and procedures like LASIK/PRK, corneal crosslinking, pterygium removal, EDTA chelation, INTACS, and blepharoplasty
- Trained technicians in taking medical history, navigating NextGen EHR, operating testing equipment, performing appropriate workups, and in surgical assistance
- Facilitated technician team meetings to provide a space for team building and feedback on general performance

EDUCATION

Northeastern University

May 2017

Bachelor of Science, Biology

Boston, MA

- N.U.in Australia Study Abroad Program at Swinburne University, Fall 2013
- Northeastern Red Cross Club: Executive Board, Graphic Designer and Events & Blood Drive Coordinator
